

Need to submit tender schedule in Primavera P6 XER file format and don't have internal Primavera P6 expertise or Primavera P6 software?

Don't worry IPEC Project Systems Sdn Bhd is able to assist in this matter!

IPEC PROJECT SYSTEMS SDN BHD focuses in providing solutions that help project-intensive businesses to successfully manage their project, programs and portfolios. Our core business is Oracle Primavera project portfolio solutions but we also provide customized project management solutions, project accelerators and integration to various enterprise systems.

IPEC provide technical and functional expertise to build project schedules, update schedules and provide standard and custom reports to help you complete your projects on-time and on budget. This is offered part of IPEC Primavera planning & scheduling services offering.

IPEC is pleased to announce we are providing free file conversion service for companies who have project schedules in Microsoft Project software (MPP or XML) to Primavera P6 XER format. This service is offered at no charge to companies which fulfill the following requirements.
